§1 - Introductory Comments: What is a Solar Return?

Introduction

You have certainly heard the expression "Many happy returns!" - a reference to the annual cycle that begins at your date of birth. The astrological Solar Return is a chart cast for the moment when the Sun returns to the exact position it held in your Natal horoscope. Each year the Solar Return marks the start of your personal New Year, and astrologers look to the Solar Return horoscope to see what events and issues await you in the year ahead.

Astrologers have proposed many methods for interpreting the Solar Return chart. This report follows the method of Alexandre Volguine (1903-1976), a French astrologer who, in 1937, first published his 15 years of research on Returns. Until his death in 1976, Volguine continued to update his study of Returns in subsequent editions of his classic text, "LA TECHNIQUE DES REVOLUTIONS SOLAIRES". For those interested in the astrological theory, the method of Volguine is outlined in the appendix to this report.

In accord with Volguine's method, this report is based on a Return chart cast for your location (which may be different from your birth place) when the Sun returns to its position in your Natal chart. Because we insert an extra day into the calendar every four years during the leap year, your Solar Return may occur either on, or a day before or after, your calendar birthday.

If you do not know your exact time of birth, you can still do a general Return chart by using as your presumed "birth time" the exact moment of sunrise on your birth date. The Solar Return chart calculated from a sunrise birth chart provides a generally accurate astrological forecast for the year ahead; but, if possible, use your actual time of birth to get the most accurate forecast.

According to the astrological theory of Solar Returns, the Natal chart represents a basic blueprint of the individual (similar to the DNA within the nucleus of the cell) and the Return chart reveals the annual renewal or reactivation of the Natal chart as measured against both the ongoing movement of the planets and the newly generated set of House cusps at the time the individual's Natal Sun is "reborn" at the annual (SR) birthday. A key feature of Return chart interpretation involves studying the relationship between the annual Return Houses and the birth chart Houses.

Beginning with the next section, this report will review and interpret the major factors identified by Volguine for identifying the themes and events that will dominate your life

Journey Returns™ Solar Return Report Starting 1/6/2007 for Nicolas Cage

during the coming year. The current Solar Return chart actually spans a period of about a year and a half because its influence is felt from three months before the current birthday until three months after next year's birthday. This three-month transitional overlap between subsequent Returns represents the period when the themes of one year gradually give way to those of the next.

A note on stressful aspects:

In some delineations you will read that an adverse event could occur if the planet being discussed forms discordant aspects in the chart. The harsh aspects are the semi-square (45 degrees), the square (90 degrees), the sesqui-square (135 degrees), the inconjunct (150 degrees), and the opposition (180 degrees). In addition, the conjunction (joining together) of certain pairs of planets is intrinsically difficult because of the conflicting nature of the planets involved. To determine whether a stressful aspect is in effect, you may need to refer to the section where the aspects formed by the planet were first discussed in the report.

Into every life a little rain must fall. Do not be alarmed if negative predictions show up in various sections of this report. Stressful events often hover as potentials in the background but never materialize. The repetition of a trend in several parts of the horoscope chart is the key to accurate prediction in astrology. In general, adverse events occur only when many aspects or configurations repeatedly point toward their manifestation. If a stressful event is mentioned but once or twice, it is unlikely to manifest. In any case, forewarned is forearmed.

On Aspect Strengths: Next to the aspects you will often find a listing of the "strength" of the aspect. The number you see is based on how close the aspect is to being exact. The higher the number, the more exact the aspect. The aspects range in strength from a low of about 1 to a high of about 8. Theoretically, the very close aspects are more likely to manifest in your life.

Astrological Houses in the Return Chart

If you are not familiar with astrology, it will help to know a little about the astrological Houses as you read this report. You probably know that there are 12 signs of the zodiac. In a similar way, astrologers divide the horoscope wheel into 12 "Houses," which look like a pie cut into 12 pieces. Each House represents a particular area of life. The 1st House starts at the Ascendant, which is the point where the zodiac circle in the heavens crosses the horizon in the east. By convention the Ascendant lies at the "9 o'clock" point on the circle. The remaining Houses follow the 1st House in a

Journey Returns™ Solar Return Report Starting 1/6/2007 for Nicolas Cage

counterclockwise direction around the wheel so that the 10th House, which symbolizes your career and standing in the world, lies at the very top of the chart. The entry point into each House is called its cusp. Below is a list of the twelve Houses and some of their key meanings for reference as you read this report.

1st House: your body, personality, personal initiatives, life force.

2nd House: money, income, possessions, values.

3rd House: communication, analytical thinking, writing, local travel, siblings, neighbors.

4th House: home, family, parents, past conditioning, final endings.

5th House: fun, romance, recreation, vacations, children, sports, gambling, creative self-expression.

6th House: service, health concerns, daily grind, subordinates, tenants, pets.

7th House: significant others, consultants, partnerships, contracts, lawsuits, open enemies, the public.

8th House: death, sex, taxes, joint finances, surgery, investigation, transformation, occult studies.

9th House: higher education, long-distance travel, religion, philosophy, the law, foreign interests, publishing, broadcasting.

10th House: career, worldly status, honors, public standing, reputation authority, bosses, parental figures.

11th House: friends, hopes & wishes, group involvements.

12th House: solitude, imaginative endeavors, confinement, hospitalization, spiritual pursuits, loss of freedom, secret enemies, self-undoing.

§2.0 - The Solar Return Sun: The Central Focus of the Year

General Significance of the Sun

The Sun, ruler of Leo, is the most important "planet" in the Return. The primal energy of the Sun makes possible our life on earth. The Sun enlivens, asserts, illuminates, vitalizes, promotes, fathers, energizes, individualizes, elevates, and makes conscious. Astrological aspects involving the Sun show how we achieve (or fail to achieve) honor, status, recognition, achievement, and individuation - how we shine, create, and make our mark on the world. People signified by the Sun include fathers, husbands, mature men, bosses, authority figures, and people of influence. In health matters, the Sun symbolizes the heart and the spine.

The Return placement and aspects of the Sun may involve us either personally through health matters and life circumstances governed by the Sun, or indirectly through people symbolized by the Sun. We will next look at the zodiacal sign and House positions of the Sun in the Solar Return chart.

Return Sun in Capricorn

The Return Sun occupies the exact location in the same sign as the Sun in your birth chart. Having the Sun in Capricorn generally makes you careful, dependable, ambitious, determined, organized, disciplined, reliable, serious, and prudent. Your faults may include being overly shy, materialistic, rigid, exacting, rule-bound, or conventional.

Having considered the sign containing the Sun, we now turn to the Sun's Return House position, which highlights the central themes of the year ahead.

§2.1 - The House Occupied by the Sun: Major Issues of the Year

Return Sun in the Return 6th House

The Sun occupies your Return 6th House and places the focus on service, health, illness, pets, co-workers, subordinates, and your daily work. This is a good year to get a medical checkup and to pursue a regimen of diet and exercise to keep healthy and fit. You may be very busy at work due to additional responsibilities on the job. During this placement, some push in new directions on the job or pursue an entirely new line of work that provides greater satisfaction. Relationships with co-workers can be especially rewarding. A pet may light up your life at this time.

If the Sun forms stressful aspects, you may be subject to overstrain, worry, stress, mental fatigue, accidents, or physical illness. All work and no play can take a toll on your close relationships and family life.

§2.2 - The Sun's Aspects in the Solar Return Chart

Return Sun conjunct Return Mercury (Strength: 10.16)

The Sun conjunct return Mercury indicates a busy year with lots of short trips, phone calls, messages, visits, errands, and moving about. There is a strong emphasis on communication, writing, speaking, learning, teaching, commerce, sales, transport, local travel, detailed planning, and contacts in the community. Often, in such a year, you receive news that opens doors and that has a profound impact on your life. Mercury represents young people who may play a significant role in your life at this time. This is a good year to take lessons or to learn a new skill. You are able to get your ideas across and communicate productively with others.

Matters related to the Return House position of Mercury and those Houses with Gemini or Virgo on their cusps will be especially highlighted during the year.

Return Sun sextile Return Moon's North Node (Strength: 5.25)

The Sun favorably aspecting the Moon's North Node brings into your life relationships that enhance your development. You join with others in ways that foster personal growth. This year will offer ample opportunity for comradery, teamwork, and close associations with others. You get along well with those in authority. Family and friends may gather to celebrate a change in your life circumstances such as a wedding, a birth, a christening, a bar mitzvah, a graduation, an ordination, and so on.

§3.0 - The Solar Return Ascendant: Personal Themes for the Year

The Ascendant-Descendant or East-West Axis in the SR chart

The East-West Axis of the astrological map represents the Celestial Horizon. The Ascendant (in the East) signifies the filter through which you view the world and the manner in which you project your personality toward others. It also reflects your physical body and your personal initiatives. The Descendant (in the West) symbolizes your partnerships, close relationships, and the way you get along with other people.

Planets that form close aspects with the East-West Axis of the Return chart will color your personality style, personal initiatives, and manner of relating. The degree of the zodiac rising in the East (the Ascendant) varies with your location on earth at the time of your Solar Return. If the Return Ascendant receives particularly stressful aspects, some astrologers advise their clients to travel to a location that will minimize or negate those aspects on the day of their Solar Return. In the following section we consider the influence of the horizon (Ascendant-Descendant) axis in the year ahead.

Return Ascendant in Cancer

The Cancer Ascendant emphasizes matters related to the protective, sensitive, and home-oriented sign of the crab. The Moon, which rules Cancer, governs your moods, emotions, and your ability to nurture and be nurtured by others. This may be a year when you undergo significant changes related to home, family, parents, and parenting. There is also an emphasis on marriage, caring for the young, domestic issues, real estate, and dealings with the public. You are likely to pay special attention to your relationships with parents, children, family members, or even your country as a symbolic "mother-" or "fatherland." Conflicts about time devoted to family versus career may come to the fore.

Journey Returns™ Solar Return Report Starting 1/6/2007 for Nicolas Cage

The imaginative and intuitive sign Cancer may lead you to engage in artistic endeavors, cooking, the study of psychology, or activities such as travel and exploration. You may be called upon to nurture and comfort others. Some become involved in public life under this influence. Cancer and the Moon are associated with the oceans, and a journey over water is possible. As the Ascendant signifies your physical state, if the Ascendant-ruler Moon forms stressful aspects you could encounter health problems or extremes of mood during the year. Parts of the body that fall under the influence of Cancer include the stomach, pancreas, digestive system, breasts, and the womb.

The Houses of your Natal chart with Cancer on the cusp as well as the House of your Return chart that contains the Moon, the ruler of Cancer, indicate areas of your life that will be in high focus during the coming year. Planets that form close aspects to the Moon in the Return chart indicate the types of people and events that will affect your emotional state during the year.

Because the Moon rules the sign Cancer, the Moon is the ruler of the Ascendant in this year's Return chart.

§3.1 - The SR House Containing the Planet Ruling the SR Ascendant

Return Moon in the Return 2nd House

The Moon, which reflects your feelings and emotional life, occupies the Return 2nd House of income, values, resources, and personal possessions. You are likely to feel concerned about emotional and financial security. Issues of possessiveness and attachment to material goods may occupy your attention. Fluctuations in income and worries about money and finances are possible. Your emotions strongly affect your financial judgment, so you should proceed cautiously with any major purchases. If you have any doubts about a potential investment, seek the advice of a financial expert. Take stock of your talents and abilities, and take steps to enhance your skills at this time.

§3.2 - The Natal House Highlighted by the Solar Return Ascendant

Return Ascendant in the Natal 7th House

The Natal House placement of the Return Ascendant shows where you are most likely to take personal action during the coming year. Your dominant interests and activities will center on 7th House issues such as marriage, partnerships, significant others, contracts, negotiations, lawsuits, adversarial relationships, alliances, consultations, and

Journey Returns™ Solar Return Report Starting 1/6/2007 for Nicolas Cage

dealings with the public.

The Return Ascendant-Descendant axis also highlights 1st House issues such as personal projects, leadership, initiative, self-promotion, and matters of self-interest. Your appearance and the way you present yourself to others will assume great importance. Pay special attention to how you use and care for your body. You may wish to engage in a diet and exercise program to improve your stamina and endurance. If you have any physical complaints, get a medical exam.

§3.3 - Aspects involving the Ascendant in the Solar Return Chart

Return Ascendant trine Return Moon's North Node (Strength: 3.73)

Your connections and contacts with others are in high focus. You could become part of a team of like-minded individuals who unite to pursue a common goal. Fellowship, collegiality, brotherhood, and sisterhood are important themes in your life just now.

Return Ascendant inconjunct Return Neptune (Strength: 3.33)

Neptune stressfully aspecting the Return Ascendant suggests that confusion, lack of clarity, poor judgment, denial, distrust, inaccuracies, misunderstandings, or unrealistic expectations could affect contractual agreements and close relationships, including those with a spouse or partner. Issues of honesty and integrity come to the fore. This aspect often points to clandestine activities in which one person intentionally deceives or tells falsehoods about the other.

Someone you care about may be less than honest, violating your trust and causing you emotional pain. You may need to correct or clarify rumors that could besmirch your reputation. Be careful to check the accuracy of all details in any legal contract or settlement. Families with adolescents should observe their children for signs of drug and alcohol abuse. This is a good year for a physical examination because occult, mysterious, or allergic health conditions may come to light. On occasion, a period of hospitalization may be signified.

§3.4 - Planets Rising in the First House of the Solar Return Chart

Solar Return Planets occupying the Solar Return First House

The Return 1st House reveals your yearly personal or psychological activity. Any planets that occupy the Return 1st House show the nature of your activity and your psychological reactions during the coming year. If a planet lies close to the Return Ascendant (within 5 degrees), you will have a fair amount of personal control over the action. Planets in the 1st House that lie further away from the Return Ascendant (more than 5 degrees) indicate that you will have less control and be more at the mercy of the forces symbolized by those planets.

The Return planets that occupy your Return 1st House are listed below. If this section is blank, there are no 1st House planets in your Return chart.

§4.0 - The Solar Return Midheaven: Worldly Status, Career, and Public Activity

The North-South or Meridian Axis of the Solar Return Chart

The North-South or Meridian Axis of the astrological map represents your vocation, public image, parents, and family matters. The Midheaven at the top of the chart (due south in those charts of the northern hemisphere) symbolizes your career, worldly status, and public activities. The Imum Coeli (I.C.) at the bottom of the chart signifies your home, your domestic life, and the final conclusion of pending affairs.

Planets that form close aspects with the North-South Axis of the Return chart will color vocational and family matters during the year. The degree of the zodiac on your Return Midheaven depends on your location on earth at the time of your Solar Return. If the Return Midheaven receives particularly stressful aspects, some astrologers advise their clients to travel to a location that will minimize or negate those aspects on the day of their Solar Return. In the following section we consider the influence of the meridian axis in your Return chart.

Return Midheaven in Pisces

The Midheaven in Pisces suggests that your career, status, and public activities will involve imagination, creativity, compassion, and visionary thinking. You may feel a desire to live out your faith or render service to others as part of your work life.

The House position of the Return Midheaven's planetary ruler gives further information about your social reputation and vocation in the year ahead. The planet ruling the Return Midheaven is discussed below.

Neptune and Jupiter are respectively the modern and traditional rulers of the sign Pisces. Thus, Neptune and Jupiter are the rulers of the Midheaven in this year's Return chart.

§4.1 - The SR House Containing the Planet Ruling the SR Midheaven

Return Neptune in the Return 8th House

Neptune in the Return 8th House raises the possibility of loss, dissolution, sadness, letting go, misunderstanding, deception, or confusion with regard to joint finances, loans, taxes, a partner's income, sex, healing, research, and matters related to death and dying. A longstanding situation, relationship, or preoccupation related to such issues may dissolve or fade from your life. A significant person or circumstance may pass on at this time. Your own health could suffer, and a hospital stay is sometimes indicated. You may find yourself feeling nostalgic about the past and what you have left behind. Your sensitivity, intuition, and psychic ability tend to be heightened. An interest in the occult, the paranormal, unexplained phenomena, or near-death experiences may develop.

§4.2 - The Natal House Highlighted by the Solar Return Midheaven

Return Midheaven in the Natal 3rd House

The Return Midheaven lies at the top of the Return chart where it reveals the actions and circumstances of your life that will be most visible to others during the coming year. When the Return Midheaven lies in your Natal 3rd House, it highlights the need to learn, communicate, and pass on knowledge to others. Something that you say or write may draw public attention. An important announcement or news item may alter your public image or social standing. Some officially change their name or adopt a pseudonym. Travel may be necessary in relation to your work.

§4.3 - Aspects involving the Midheaven in the Solar Return Chart

Return Midheaven square Return Pluto (Strength: 4.65)

Pluto stressfully aspecting the Midheaven suggests some sort of crisis in your life. Major changes could occur regarding your career, family, domestic life, or status in society. This aspect is a warning to avoid foolish risk-taking and to use, wisely and justly, any power that has been entrusted to you. Do not try to force others to do your bidding, and avoid situations that carry a potential for violence. Matters related to sexuality, death, personal transformation, and human mortality may come into sharp focus. Take adequate precautions to protect your security. On occasion, this configuration heralds the passing of a family member during this Return year.

§4.4 - Planets in the Tenth House of the Solar Return Chart

SR Planets in the Solar Return Tenth House

The Return 10th House relates to career, family, worldly status, and any public actions you take during the year. The Return planets that occupy the Return 10th House reveal the nature of such public activity and how it may affect your vocational and family life.

The Return planets that occupy your Return 10th House are listed below. If this section is blank, there are no 10th House planets in your Return chart.

§5.0 - The Solar Return Moon: Your Emotional Life

General Significance of the Moon

The Moon, ruler of Cancer, receives and reflects the light of the Sun. As such, the Moon symbolizes the inner, reflective, receptive, emotional, and subconscious aspects of human life. The Moon represents our feeling states, heredity, instincts, habit patterns, our early experiences with mothering, and our domestic life. Astrological aspects involving the Moon reveal how we react emotionally, and how we give or receive nurturing and comfort. People signified by the Moon include mothers, females in general, and the significant women in our lives. In health matters, the Moon symbolizes cyclic changes, nutrition, and female issues; also, the breasts, the stomach, and the brain matter.

The Return placement and aspects of the Moon may involve us either personally through health matters and life circumstances governed by the Moon, or indirectly through people symbolized by the Moon. Lunar aspects that are said to perfect on a certain date have an orb of a month or longer. We will next consider the Return zodiacal sign and House placements of the Moon.

Return Moon in Leo

The Moon in Leo often signifies a desire for recognition and admiration. You tend to be spontaneous, ardent, outgoing, fun loving, and romantic. The world becomes your stage, and you enjoy putting on a good show. Your relationships with children, or the desire to have children, can become a focus of attention. If the Moon forms stressful aspects, you must guard against behaving toward others in a demanding, childish, entitled, or flamboyant manner.

Return Moon in the Return 2nd House

This interpretation appeared previously in section §3.1 - The SR House Containing the Planet Ruling the SR Ascendant.

You will have the opportunity to deal positively with issues of power and control in close relationships. Personal transformation may come about through your relationships with the women in your life. Psychological insights and psychic experiences commonly accompany this aspect.

Return Moon conjunct Return Saturn (Strength: 2.48)

With the Moon conjunct Saturn, you become more security-conscious and serious about your affections. This is a year when you are likely to reign in your emotional life. You could settle down, get married, buy a home, start a family, or deal with parental issues. You may also experience feelings of depression, hopelessness, loneliness, or isolation. Sometimes this aspect means you will lose or be separated from someone you care about. Women in your life may run into difficulties or create some type of burden. Alternatively, an action of your own could be a source of distress for an important woman in your life. Career obligations may conflict with emotional attachments. If there are indications in the chart of an accident or injury to you or someone in your circle, a blow to the head or other type of bodily injury is possible. On rare occasions, this aspect can indicate a severe despondency in which you question whether life is worth living.

Return Moon trine Return Mars (Strength: 1.12)

The Moon in contact with assertive Mars stirs your emotions and enlivens your relationships, especially with the women in your life. Strong feelings are likely to rouse you to action. You are forceful and forthright in your dealings with others. People are likely to follow your lead and applaud your initiative. Sometimes this aspect indicates marriage, especially in a female chart. This will be a year in which you are able to express great energy, passion, and assertiveness.

clear of relationships based on victim-savior motives. There is no need to play the martyr in love relationships.

Return Neptune square Natal Neptune (Strength: 4.03)

Feelings of disillusionment about your progress can occur at this time. The message here is to take stock of what you value and what you want to achieve in life. Consider especially how you are meeting your spiritual needs and what you are giving back to humanity.

A certain amount of suffering is often associated with harsh Saturn/Neptune aspects. You are likely to feel moody, dissatisfied, and overwhelmed at times during the coming year. §15.0 - Connections between Planets and House Cusps

Alignments of Planets with House Cusps

The House cusps are power points in the chart, and any planet that aligns closely with a House cusp will be especially prominent in the year ahead. Planet to House cusp alignments often portend specific events whose nature combines the symbolism of the planet and the House involved.

The three sections that follow will look at the contacts, if any, (1) between Return planets and Return House cusps; (2) between Return planets and Natal House cusps; and finally, (3) between Natal planets and Return House cusps.

When comparing the Solar Return and the natal charts, any close alignment between a planet and a House cusp is highly significant. In fact, the conjunctions of planets with House cusps in the superimposed natal and return charts usually pinpoint the major factors that will be operative during the year. Pay close attention to the following three sections because they highlight the specific events that you will need to deal with in the coming Solar Return period.

§15.1 - Return Planets connected with SR House Cusps

The Sun enhances your self-assurance, charisma, vitality, and leadership ability. Others are likely to notice you and to reward your talents and accomplishments. You may receive an honor, an award, or a degree at this time. Your relationship with your father may come into high focus. Some marry, change residence, or have children; but if the Sun is afflicted, concerns about children may arise. Close relationships, business partnerships, and contractual

Journey Returns™ Solar Return Report Starting 1/6/2007 for Nicolas Cage

agreements are all favored. Sales, negotiations, counseling, legal advocacy, or any activities that involve one-to-one contact with others tend to prosper. Because the Sun lies opposite your Return Ascendant, which signifies the body, your physical health and stamina may be below par in such a year. A bout of illness could punctuate the year ahead.

Return Mercury conjunct Return 7th House (Strength: 4.49)

Mercury prominent in the Return chart places an emphasis on communication, adaptability, education, travel, and commerce. This year will be full of mental activity, talk, letters, phone calls, writing, travel, movement, busy work, short trips, and frequent comings and goings. You tend to be more youthful, agile, quick-witted, and verbally expressive. You may teach, take classes, or receive training under this influence. Pursuing further education can have a beneficial effect on your career. Activities that require physical movement and dexterity are especially appealing. You are also likely to have frequent contacts with siblings, young people, kin, neighbors, and members of your local community. Things that you write or say may affect your popularity with the public.

Return Moon inconjunct Return 10th House (Strength: 4.06)

Emotional issues come to the fore and bring changes that affect your career and family. Your moods and feeling states may draw public attention and require you to make adjustments that affect your worldly status.

Return Moon conjunct Return 3rd House (Strength: 2.63)

With the Moon conjoining the cusp of the 3rd House of mental activity and communications, your thinking will be heavily influenced by your emotions. On the one hand, you could benefit from increased sensitivity and enhanced intuitive awareness; but if the Moon forms stressful aspects, your feelings could override rational thought and practical problem solving. You should keep your emotions in perspective and strive for a balance between head and heart in any important decisions you make this Return year.

Return Venus conjunct Return 8th House (Strength: 2.17)

Venus, the lesser benefic, on the cusp of the 8th House can indicate monetary gain due to insurance, inheritance, tax rebates, or joint resources. A partner's finances may improve. Return Jupiter conjunct Return 6th House (Strength: 1.72)

Return Jupiter falling on the Return 6th House cusp is a protective influence regarding your health. Nonetheless, you should guard against any kind of overindulgence or excess that can affect your physical well-being. Conditions at work generally improve, and relations with co-workers can bring benefits into your life. Opportunities may arise to improve your working conditions or arrangements. Particular joy may come from a cherished pet.
